

CITY

To Enter Into Two Law Suits
At Early DateCouncil Takes Action On
Monday EveningTo Condemn Land For Cem-
etery PurposesTo Place Two Lots On The
Tax Duplicate

The city council at the regular session Monday evening decided to enter into two litigations—one a mandamus proceeding to place the Weaver and the Koons lots on the tax duplicate and the other a condemnation suit against John S. Braddock for the purpose of condemning certain land for cemetery purposes.

At roll call all members responded to their names. President Dever was in the chair and the minutes were read by Clerk McIntire and were approved.

A lengthy report was sent in by Mayor C. A. Mitchell and was read by Clerk McIntire. It covered a period from January 1, 1910, up until November 1, of the same year. The report showed the total sum of \$2,550 to have been collected from fines and licenses during this period. The report included all the money collected in bootlegging cases, etc. Upon motion the report was accepted and placed on file.

City Solicitor Leonard reported on a number of matters which had been up before council on previous meetings, such as the opening of East Front street and the placing of the Weaver and the Koons lots on the tax duplicate.

Upon motion of Mr. Taylor the city solicitor was instructed to bring mandamus proceedings against the property owners of the Weaver and Koons lots and place them on the tax duplicate. The motion prevailed.

Mr. Fairchild, director of public service, made a report relative to the proposed purchase of land from John S. Braddock, said land to be annexed to Mound View cemetery for cemetery purposes. Mr. Fairchild explained that the board of control had been unable to come to a satisfactory agreement with Mr. Braddock.

At this point a resolution was introduced directing the city solicitor to bring condemnation proceedings for the purpose of annexing the Braddock land to Mound View cemetery. Upon motion the rules were suspended and the resolution was read for the second and third times and was adopted.

Plans were presented to council by City Engineer Blinn relative to the construction of the East end sewer. There were five sets of plans, which showed that the proposed improvement would cost over \$11,000. The plans were referred to the street committee.

A resolution was introduced having for its object the transfer of \$100 from the water works contingent fund to the new service line fund in the water works department. Upon motion the resolution was read for the second and third times and was adopted.

An ordinance was introduced to accept a strip of land from Mrs. S. R. Gotshall to be used for street purposes. Upon motion the rules were suspended and the ordinance read for the second and third times and upon final passage was adopted, all voting aye.

A petition was presented by residents of the Fourth ward stating that a certain building on North Sandusky street, known as the Seymour property, was in an unsafe and unsanitary condition and the petitioners requested that the same be removed or put in a sanitary condition. Upon motion the petition was referred to the street committee and the director of public service.

Mr. Dowds inquired of the city clerk if the new rate for electricity had been put into effect by the Mt. Vernon Railway & Light Co. He stated that a number of patrons had been charged according to the new rates. The clerk informed him that the rate was supposed to be in effect.

Mr. Farrison offered a motion that Mr. Taylor be elected president pro tem. of council, succeeding Mr. Jones, who resigned. Mr. Taylor was duly elected to the office receiving all the votes of the members present, including his own.

Adjourned for two weeks.

KNOCKED

Down By An Automobile
While Crossing StreetYoung Boy Has A Very
Narrow Escape

Francis Ware, a young lad, was knocked down by an automobile driven by Edward Bell on West High street Monday evening shortly before 6 o'clock and fortunately the boy escaped without serious injury. Mr. Bell was going east on the street and was running slowly at the time. The boy was crossing the street and had waited for a street car to pass when he darted across the street directly in front of the machine. The front wheels knocked young Ware down and the wheels were on his clothing when Mr. Bell brought the machine to a sudden stop. The boy was somewhat bruised about the head when he struck the pavement. He was taken to the office of Dr. F. C. Larimore in the automobile where his injuries were dressed.

Croup is most prevalent during the dry cold weather of the early winter months. Parents of young children should be prepared for it. All that is needed is a bottle of Chamberlain's Cough Remedy. Many mothers are never without it in their homes and it has never disappointed them. Sold by all dealers.
